About

Work Without

Limits

Located in the heart of Manhattan's most vibrant business district, the new 135 West 50th Street reimagines the modern office building not just as a great place to work, but a space that advances the brightest ideas.

This 23 story building has 925,000 rentable square feet of Class A office space. Airy, open spaces reinvigorate the modern office building and offer easily customizable options for companies of all types. There are contiguous full-floor blocks and up to 560,000 RSF available including private terrace opportunities. Varying floor plate sizes range from 12,000 to 63,000 RSF with flexible layouts.

135 W 50th works without limits and offer tenants some of the most engaging and community-oriented office space in all of New York City.

Health & Safety

Comfort First

At 135W50, we have implemented a series of safety measures to mitigate the spread of COVID-19 and also to promote health and wellness in the office — now and in the future.

Location

At the Center of it All

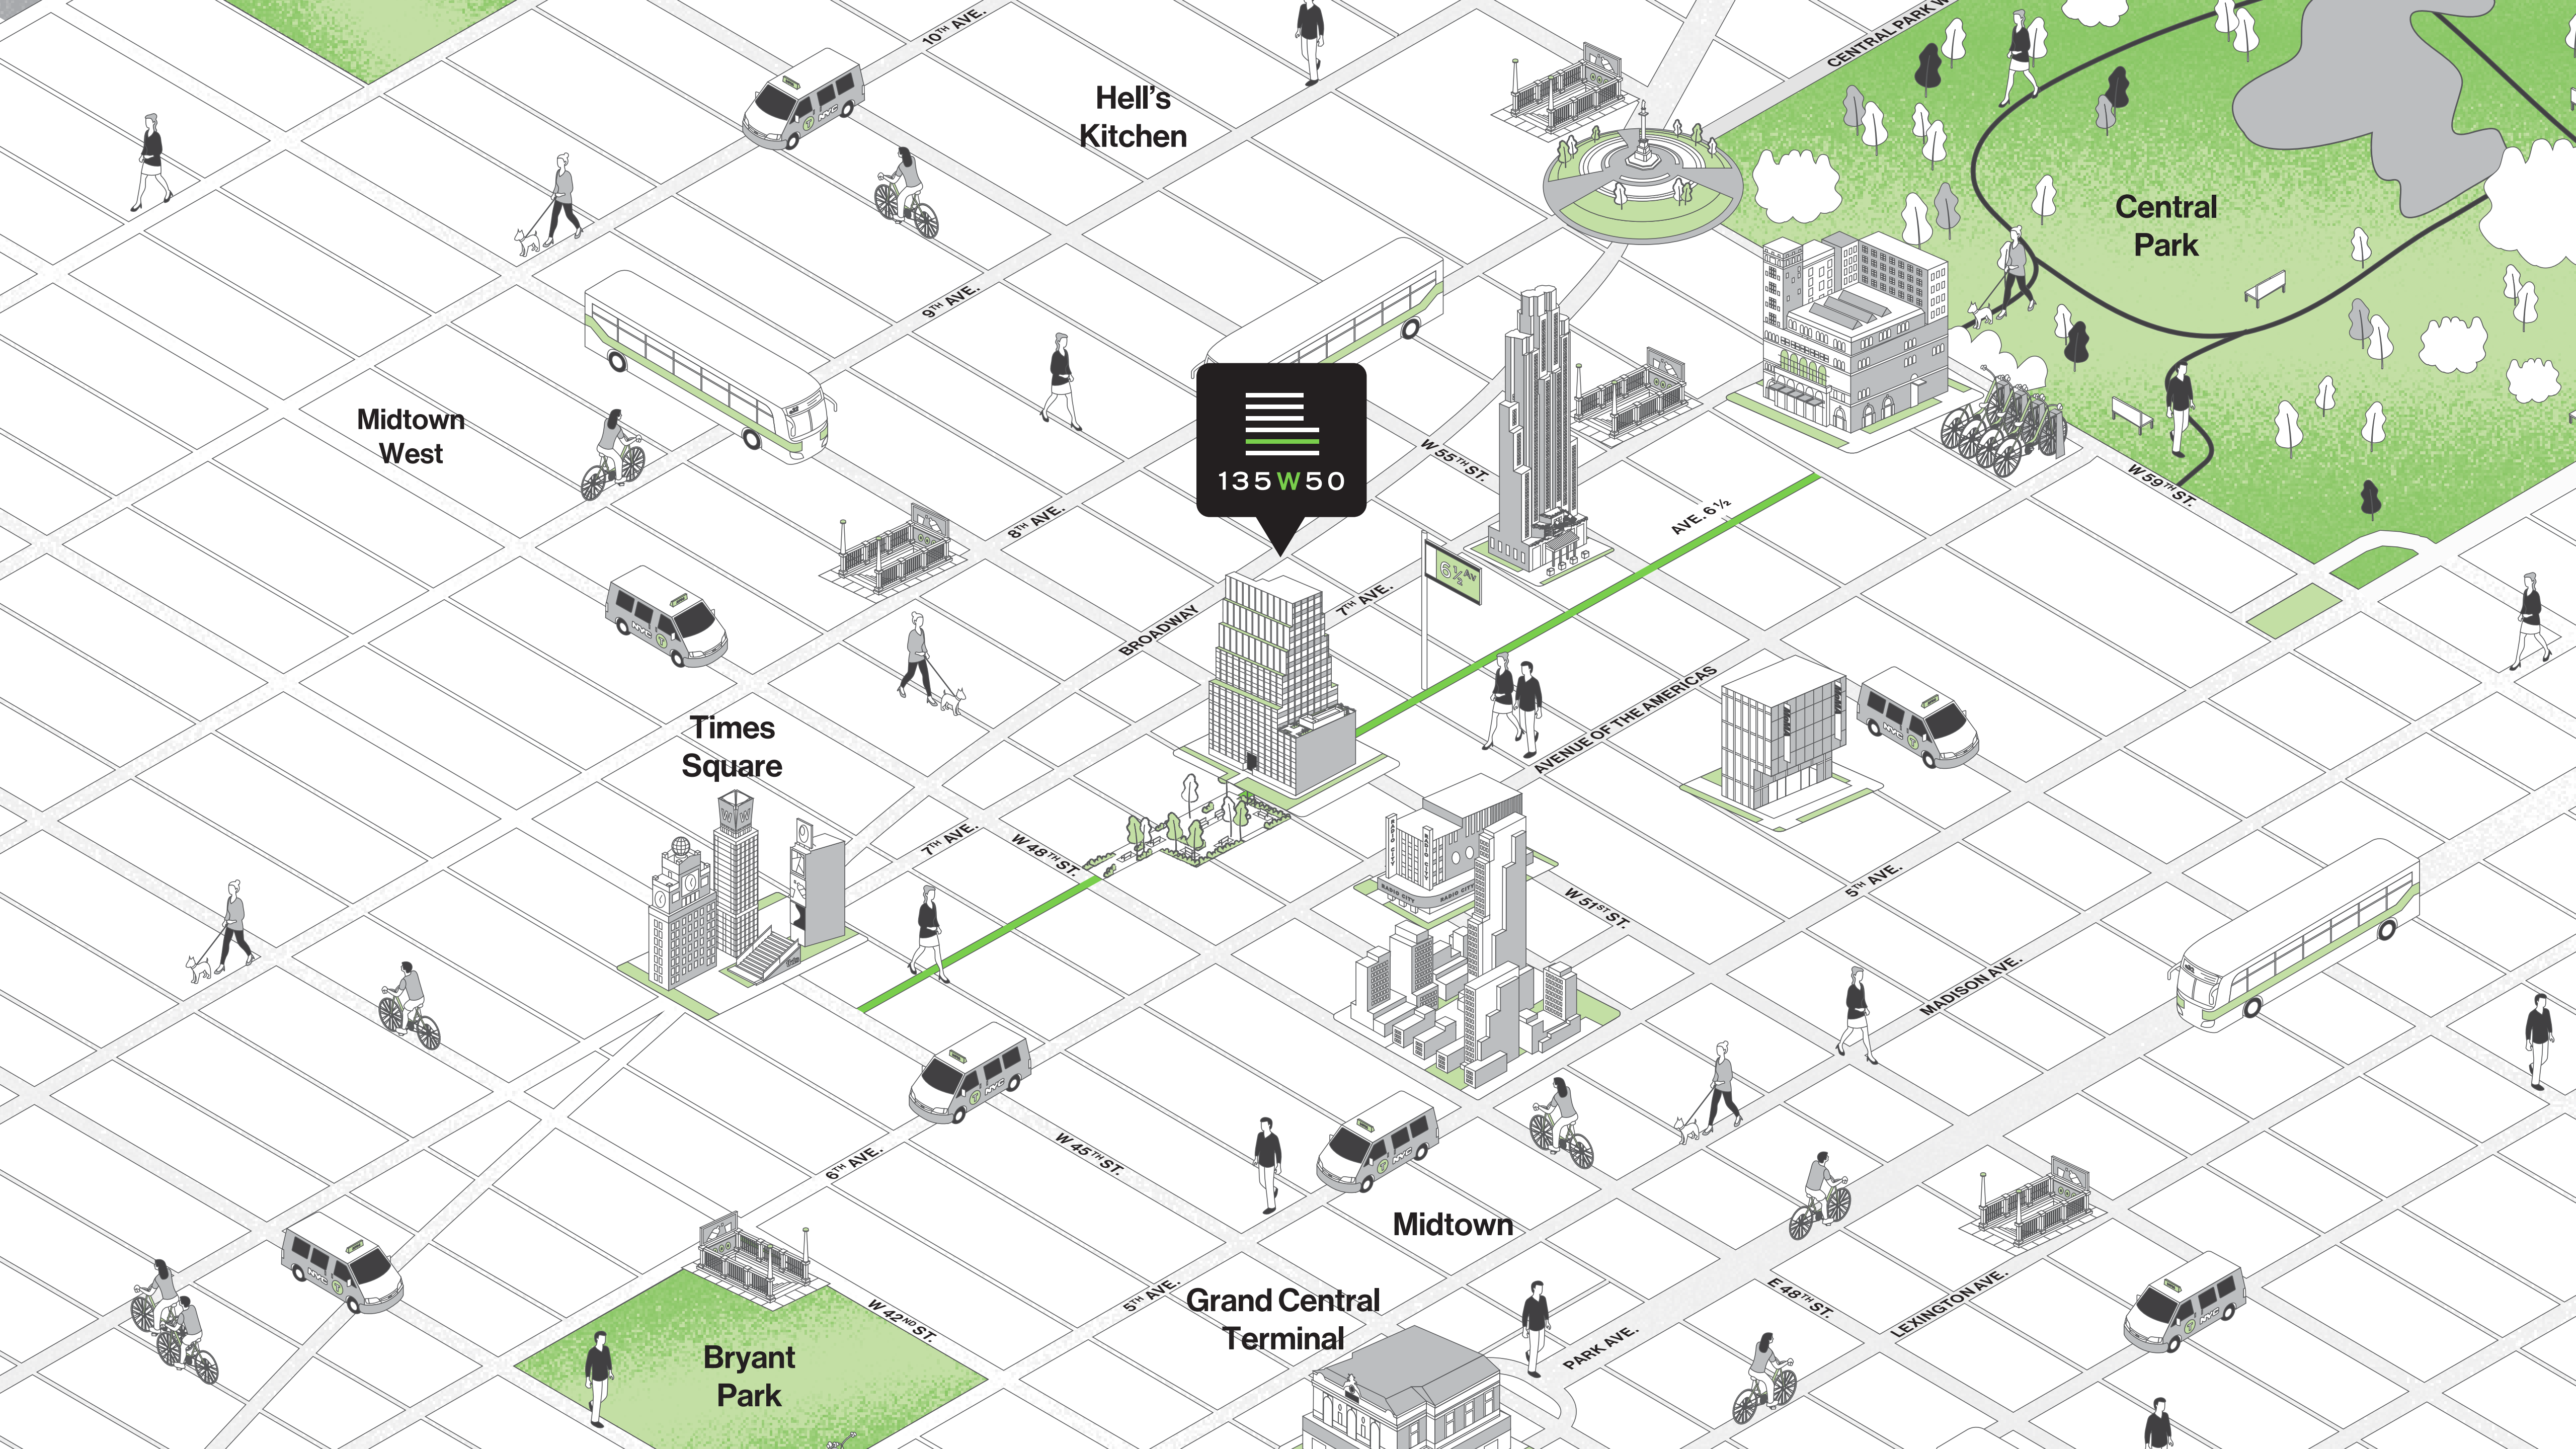

135 W 50th Street is at the epicenter of New York's Corporate Row and the energetic 6th Avenue corridor. Its optimal location is easily accessed by NYC's major transit hubs and subway lines, with some of the city's most iconic destinations, like Central Park and Rockefeller Center, only a few blocks away. Truly at the center of it all, top restaurants and high-end retail connect tenants to the authentic and electrifying energy of NYC's most bustling neighborhood.

Building Specs

Efficient & Flexible

Building Management:
George Comfort & Sons, Inc.

Year Constructed:
1963/2020 renovated

Number of Floors:
23 Floors

On-Site Parking:
209 Car Garage

Construction:

The property's framing and slabs are made of reinforced concrete. The façade is composed of an aluminum-framed curtain wall system with projecting vertical mullion covers. The west façade and north-facing courtyard façade are a brick veneer.

Elevators:

15 Passenger with Destination Dispatch;
1 Freight

Office Tenants:

Mazars USA LLP & Volunteers of America
– Greater New York, Inc.

Retail Tenants:

Urbanspace Bobby Van's, Little Beet,
Meltshop & Men's Wearhouse

Transportation Access:

One half block to Rockefeller Center concourse with access to the M, F, D and B trains; one block from the 1 train stop at 50th Street; two blocks from the E and C trains at 50th Street; one half block from the N and R stop at 49th Street.

Main Electrical:

277/460 Volt Service from (3) ConEd services fed by a network of transformers totaling 10,000 amps; 6 watts per usable square foot available for tenants.

Life Safety:

Class E System. Full coverage sprinkler system. The building features a 2,000 KVA life safety generator with spare capacity for tenant stand by loads.

Mechanical Details:

Heating - The tenant spaces are primarily heated through a steam coil in each base building fan. Each floor has a perimeter hot water loop. The hot water is heated by steam in a shell and tube heat exchanger. Cooling - Three Carrier electric centrifugal chillers located in the cellar engine room (500, 800, 1200 tons). The chillers provide chilled water to central fans. The main cooling tower located on the 22nd floor roof is a Phillips open circuit induced draft tower with axial fans and has 4 cells.

Building Security:

24/7 attended lobby with turnstiles; 24/7 automated security system; card access control by passenger elevators after hours; CCTV cameras in main lobby and passenger elevators.
